

New York State Grades 3-8 Testing Accessing Student Constructed Responses — Quick Reference Guide

The purpose of this document is to outline the necessary steps for Principals and District Test Coordinators to use [Nextera Admin](#) to access a student’s responses to constructed-response questions, along with the scores for those questions, from computer-based testing (CBT) administration.

In Nextera Admin, principals will see their school as the only selection option in the drop-down menus on the *Student Responses* page, and District Test Coordinators will see all schools within their district in the school drop-down menu on the *Student Responses* page.

Access to Student Responses: Spring 2022, Spring 2023 and Spring 2024 CBT Administrations

This process is the same for Principals and District Test Coordinators.

- 1) Sign in to Nextera Admin with your provided Username and Password at the following website address: <https://ny.nextera.questarai.com/Admin/Accounts/Login>
