Job Description

St. Andrew's Middle School Science Teacher

The successful candidate will enthusiastically educate students 5 - 8th grade while following the NYS Science, Regent Biology, and Health Curriculum.

Key functions:

- Inspire, encourage, and develop young children, each of whom will have different abilities, challenges, and personalities.
- Educate the fundamental concepts needed for general science, Regent Biology, and Health through the implementation of well planned classroom and lab lessons.
- Commitment to educating the whole child – academically, morally, and socially
- Evaluate assignments – make observations and offer constructive criticism.
- Grade and maintain records of student performance.
- Think creatively, make good decisions and communicate effectively with others.
- Work effectively in a classroom structure with multiple disruptions.
- Prepare materials for lessons.
- Perform required duties throughout the school day.
- Take direction and work as part of a team.
- Keep organized and sanitize shared spaces.

Qualifications: Degree Requirements/Experience

- Requirements:
- - Bachelor degree (required)
- - NYS teacher certification (required)

- - Faith Based individual (preferred)
- - Clearances on all required background checks and VIRTUS training (required)
- - Patience, compassion, and enthusiasm with children.
- - Familiarity with Google Suite and Microsoft Office and other teaching tools.
- References upon application

E.O.E.
