

Catholic Academy of Niagara Falls has a Church Buddy program that begins in 4th grade when students are partnered up with a parishioner who attends chapel each Wednesday. The students sit with their buddy each week in chapel and during masses in the church throughout the year. After 4th grade, the students will often sit with their buddies as they continue to attend weekly masses. The buddies LOVE the program and so do the kids. This is a relationship that is cherished through the years. This week the buddies will come up after mass and celebrate a little in the classroom together for Christmas.

Do you have a Church buddy that you go to church with every Sunday?
