

Principal Goal Setting 2022-2023

Inspired by our vision for ongoing improvement and the National Standards & Benchmarks for Effective Catholic Schools, school leaders are challenged to select a goal in each of the Four Domains. Below are suggested options as well as a space for the school leader to select his/her own.

Timeline: Please fill this out by September 16th and return to Mary Tepley in the Catholic Schools Office as well as your own Governing Authority (the pastor in the case of a parish school, the Board chair in regional or affiliated schools). CSO staff will ask for updates and this goal sheet will become part of the end of the year evaluation. At that time, you will be asked for artifacts & examples of how you sought to meet your goals.
